I am using Ruby 2.0.0. I want to add the specific words to the lexicon, which are not in the native Ruby's default lexicon. So, is it possible to add the new words to the Ruby's lexicon? I am trying to include a new lexicon called 'words.rb' with just the words I want to use but it is not working. Here is my code: a = 'apple' puts a.upcase I expect "APPLE" instead of "APPLE". A:
