Mafia II Joe's Adventures. Mafia II. Joe's Adventures (Also known as "Joe's Adventures"), is a story based DLC pack for Mafia II released on November 23, 2010 by 2K Games. It was developed by DICE and published by 2K Games, and is the first and only DLC pack in the Mafia II series. The story is centered on Joe, a new mafia hitman who appears in the city after a mafia meeting gets interrupted by the police. He is then chased by the police after which he is shot to death by an officer while trying to escape. Since the death, the mafia council holds a meeting to discuss the murder and the escalating Mafia war with rival gangs. During the meeting, the game's main character Tommy Vercetti is invited to the meeting, and as such, his character appears in several mission from the point of view of Joe's death. Joe's Adventures can be played with or without Tommy Vercetti in the game. The story consists of 18 missions, and all of them are new. The main purpose of this DLC pack is to give the player to play as Joe, a new hitman who comes to the city from nowhere to kill all the members of the police force. Besides that, it was set up as the only DLC pack of the Mafia series. The mission of the story is to kill the police. As a special side-feature, the DLC pack is set in the city of Joe's Adventures. Joe, Tommy Vercetti and Mafia Council members go around the city, killing the police. There are several side-missions, in which the player can take over the job of the police to kill all of their own members. The side-missions do not affect the main story, but when the player completes them, a great amount of money and experience points are earned. The total amount of missions in this DLC pack are 18.
