Hello I need to make a span clickable in html? Hello I need to make a span clickable? I searched it on stackoverflow but I could not find the answer. A: Maybe something like this: Click Me #test { width: 100px; height: 100px; background-color: red; display: inline-block; cursor: pointer; color: #fff; } #test span{ display: none; border:1px solid #fff; background: #0f0; cursor: pointer; } See fiddle: If the spans are inside a then it's a bit different: #test { width: 100px; height: 100px; height:
