
Xbox 360 And Live Authoring Submission Tool

To be honest the answer to your original question would be a no, unless the game/programmer is willing to add the necessary screenshots and information for the tool to work. I have personally played several Crysis games. I only had to do that once with the Crysis 1 mod launcher, and that's it. I have not found any other games that required it. It is required if you want to play ALL of the Crysis mods/creative content as you must use the game's launcher to do so. I would advise against trying to get the xbox 360 version of crysis 2 running. That will mess up the original crysis you have installed. It's better to wait until the Wii version comes out in the UK and buy it. The latest Crysis engine patch has come with the following changes: Create and submit a keyboard shortcut script, specify whether the script can run on startup or when the Crysis game is run Added an input debug GUI Added a white board tool to debug events that occur during gameplay Added support for the Microsoft Xbox 360 controller Added a new CUI dialog that displays input debug information, should be present when playing Added a new net_input.h file that contains important input debug information Added a new CUI dialog that displays network status info Add support for game controllers other than the Microsoft Xbox 360 Fixed issues where the developer icon for XNView would not display Fixed application certification issues that

prevent XNView from being certified for use on the Microsoft Xbox 360 Fixed an issue where the CryEngine SDK contained multiple copies of the legacy CUI tool Modified the file system so that programs use libraries as opposed to executables. This should help dramatically reduce the amount of space occupied by programs. Faster startup time Unity Engine - from Unity 3.1 onwards CryEngine V2.1 (Playstation 3 and Xbox 360) XNA Game Studio 2.0 CryEngine 3 CS 1.6 and V3 XNA Game Studio (free) Previous versions The original Crysis v2 with Crysis The Crysis v2 preview (DX10) Crysis 2 Preview (DX10) Crysis 2 Preview (X360) Crysis 2 Preview (PS3) Crysis 2 (PC)
