Cutline Filter (CutLine) is the ultimate selective edgework tool. It interprets selected lines in a photograph or illustration as engraved lines and transparent overlays to highlight, midtone and shadow areas for stunning effect. Cutline Engraves: Selectively engrave selected lines or entire image with low to high lpi. gradient lines, allowing you to easily and quickly affect an image with a classy engraving or woodcut effect. Great for Photoshop and Elements, also for paintings in CS3 Photoshop. Photoshop Graphic Editor: Using the CutLine plug-in, click on a selected line or entire image to engrave (like a woodcut) the line or entire image with a unique directional engraver called Stamper. Lpi can be adjusted, allowing you to create low or high grade lines. Elements Graphic Editor: CutLine in Photoshop Elements, click on a selected line or entire image to engrave (like a woodcut) the line or entire image with a unique directional engraver called Stamper. Lpi can be adjusted, allowing you to create low or high grade lines. Edge Engrave: Using line/dot screens creates a subtle edge to a photo or illustration. CutLine eliminates this edge with angled lines that break from the photo or image, making it look more like a 3D effect. Highlights: Selective Highlight effect creates super soft highlights and soften down to shadows in an unselected area. Midtones: Selective Midtone enhances image detail in a specific tone. Threshold: Set the alpha layer threshold to brighten (or darken) a selected area. Create a signature: Use the drop-down menu to choose any word you want. CutLine scrambles the selected letter to produce a random and unique word. Create a signature: Copy and paste any image into Photoshop and use CutLine to change to a different size. Cutline Filter Price: The CutLine Filter is currently sold at a low price and is for people who want a fun or unique way to change a photograph or illustration, or change one or more parts of an image. This would be for people who would like to try it. Note: The price may change as the plug-in is updated. cutline plug-in by Peter Slater reviews, tutorials, and comments about cutline researchMarkus Sporn Markus Sporn (born 10 August
