Best Free!

Description: Affiliathey Link Sorter is a simple and easy to use application to organize your affiliate links. Once you create or import your affiliate links to the affiliathey link sorter, you can immediately and easily see all your affiliate links in a neatly organized list. You can easily search for a particular link and sort them by date, whether or not they are expired, or even match the characters on a URL and sort by those criteria. The affiliathey link sorter can help you find those good affiliate links in your own affiliate network and keep track of all your best ones. Key features:

- Import and export of affiliate links
- Sort by date, expired, characters on a URL
- Search for a particular link
- Add new URLs to a list, filter by characters or expiration
- Download a CSV file
