[illegible]

This tool allows you to place an object on the desktop and measure it. It can do all sorts of things, including drawing, moving, and recoloring the selected object. It is simple to use and highly configurable. How to use: 1) Open MEHZ! 2) Drag a box around the object you want to measure. 3) Click "Calculate". A grid of values will appear. If you want, click anywhere on the screen to set the grid to that location. 4) Click "Measure". The size of the object will appear. 5) Click "Save" and create a text file with the "mehz" extension. 6) Open this text file in your text editor, where you can use the following commands: Insert/Append: i : opens and inserts the text in a new window a : opens and appends the text in a new window Ctrl+i : opens the file in a new window and inserts the text Ctrl+a : opens the file in a new window and appends the text Ctrl+Shift+i : opens the file in a new window and inserts the text Ctrl+Shift+a : opens the file in a new window and appends the text Cut/Copy/Paste: CTRL+X : closes a window and copies the text to the clipboard CTRL+C : closes a window and copies the text to the clipboard CTRL+V : closes a window and pastes the text to the current location in the file CTRL+Z : closes a window and adds a ' ' to the end of the current line CTRL+INSERT : opens a new window and inserts the text CTRL+HOME : opens a new window and pastes the text from the beginning of the file CTRL+END : opens a new window and pastes the text from the end of the file 7) Save the file and open it with Notepad. 8) You can save it as a shortcut or a .lnk file, which you can add to your desktop. 9) Open MEHZ! and select the object you want to measure. 10) Drag the object around, click "Calculate", and you will see the grid again. 11) Save the object you measured, and name it. 12) Open MEHZ! and select the new object you just saved. Lakatos, Peter Poell, and David Schnell - ===== Robbie Findlay Robert

Findlay (born 20 March 1992) is a Scottish professional footballer who plays as a midfielder for Hibernian. Findlay started his career with Manchester City and made his debut for the club against East Fife in the Scottish League Cup. He was released by City in the summer of 2012 and subsequently signed for Ross County. He went on to play in the Scottish Premiership for the entirety of his Ross County career, winning a Scottish Cup in 2014 and being named as the best young player at the 2014 Scottish Professional Football League Awards. Club career Manchester City Born in Edinburgh, Findlay was a product of the Manchester City Academy. He progressed through the ranks of the club's youth system, winning the FA Youth Cup with the club in 2009. He was named as reserve player for the Manchester City squad for their UEFA Europa League fixture against Athletic Bilbao in December 2009, but was not in the matchday squad. In January 2011, Findlay was named as one of five trialists who would be a part of a Manchester City Legends XI

## What's New In MEHZ!?

- Simple Drag & Drop for measuring any object on your desktop - Automatic measures width and height of the object when you drop it on the desktop - View the measurement in pixels, ems, %, px, and ppt - Adjustable measuring unit including px, ppt, ems, and % - Supports both ems and percentages - No external libraries are required - NO FUNCTIONALITY! - MEHZ! is intended to help web designers, MEHZ! is a simple, yet handy tool designed to help you measure objects on your desktop and view their position. MEHZ! allows you to drag a box around the target object and automatically reads its position and size. It comes in handy to any web designer who needs to measure objects on a webpage, without browsing through the code. MEHZ! Description: - Simple Drag & Drop for measuring any object on your desktop - Automatic measures width and height of the object when you drop it on the desktop - View the measurement in pixels, ems, %, px, and ppt - Adjustable measuring unit including px, ppt, ems, and % - Supports both ems and percentages - No external libraries are required - NO FUNCTIONALITY! - MEHZ! is intended to help web designers, Kinder, gentler trans fatty acids and coronary heart disease. The results of recent clinical trials support the notion that trans fatty acids (TFA) are associated with increased coronary heart disease risk. Additional evidence from experimental studies suggests that mechanisms other than hypercholesterolemia may be important in determining coronary heart disease risk. Trans fatty acids are enriched in the Western diet, and they are of special interest as dietary risk factors in coronary heart disease because they are relatively inexpensive and easy to modify. Recent analyses of U.S. food supply data demonstrate a strong correlation between intake of TFA and development of coronary heart disease risk factors. However, further analyses are needed to determine whether the observed relationship between TFA and coronary heart disease is causal. By: | Photo Credit: Penn State | Reuters Penn State football ended their season with a 43-39 loss to Wisconsin on Saturday, which ended the Nittany Lions' season. Penn State, a team that won seven straight Big Ten Championship games during the past three seasons, were looking to end their season with a win over the Badgers on Senior Day. On Saturday, you couldn't help but wonder if Saturday's game could have been a different outcome. Penn State wide receiver Chris Godwin was involved in the fight that started between Lions offensive coordinator Joe Moorhead and Wisconsin defensive coordinator Greg Schiano during the team's locker room scuffle. In fact, the Lions' leading receiver was among the players that had a shot at
