NFS: Underground 2 - PC - GameSpot's Need for Speed Underground 2 review, in which they state: 'With a new game, one hopes for something exciting, and with NFS Underground 2, that's exactly what EA delivered. A sense of style and an incredible sense of speed have made NFS Underground 2 one of the most visually stunning games of 2005. As soon as you start driving, you know you are driving around in a full out driving game because that's what NFS Underground 2 is all about, and you get to do it in a very realistic, yet very visceral way.
