To be honest, I just want to change the background of the specific tab to grey. bla bla bla bla bla bla bla I've already tried to change the bottom div's properties to 'border: none;' and this hasn't helped. Here is the code for the CSS way: CSS: #product_tab.active { bottom: 0; background-color: #ccc; } This will apply to the div, so if you are adding some other buttons, then it would probably end up looking something like: #product_tab.active button {
