Driver Talent Great product at a fair price. What's the downside? The only downside for this tool is that it is limited to Windows 10. But you can certainly get the older versions for Windows 7 and 8 running in VirtualBox. Try the demo first. This software is ok for newbies. Upgrade if you're used to other driver management applications. I downgraded to 60 days and missed the trial period because of technical difficulties and now I've gotta pay??? I personally LOVE this software but if you use it for more than 1 pc there will be a rough patch as the software becomes tired of doing the same... What I liked: Very straightforward to use especially for beginners What I disliked: Took me too much time to configure the settings. After a restart I had to repeat all the configurations and this took around 2 hours. Also in the preview I did not get any updates for the drivers due to non activated beta key. What I liked: The interface is very intuitive and easy to use. What

I disliked:Only for Windows 10. What I liked:Good support from the developers. What I disliked:I have paid for a 60 days trial on my first time use. Then I had problems with the installation and was not able to logon to the home console. What I liked:The interface is very intuitive and easy to use. What I disliked:Only for Windows 10.
