8 days ago - Legacy Versions: For information about using the Patch tool in versions earlier than Photoshop CS6, see Patch an area. On the toolbar, hold down the Spot button. In the Patch dialog box, select the Delete with Spot Color tool check box. When checked, the background color around the area to be repaired will be changed to the color of the area to be repaired. Choose a color from the color set. The selected color will fill the area and be removed using the Spot Color tool. In the Patch dialog box, select the Delete With Stroke check box. When checked, the area will be removed using the Spot Color tool.
