The Rockin' Body workouts are a collection of six new workouts that have been personally designed by Shaun T for his Beachbody program. Category:DVDs by American artists Category:DiETING Category:Muscular hypertrophy Category:Physical exercise Category:Shaun TLast month, a Utah-based company, Advanced Micro Devices, began mass producing the first 7 nanometer chips. This means that it can produce a computer chip using just 10 atoms, and thus, AMD hopes, it can drive a revolution in the IT industry. Since its creation by AMD in 2011, 7 nanometer has been the company's goal to shrink down the size of its chips so that they can pack more transistors in a smaller space. But while it is tiny, a 7 nanometer chip can only pack a total of about 3,000 transistors, which is a fraction of the 11 billion transistors that Intel and Samsung can pack into their 10 nanometer chips. And that is why AMD is trying to raise awareness about 7 nanometer and why this new
