Zortam Mp3 Player Keygen For (LifeTime)

The Zortam Mp3 player allows you to play MP3 files, MP3 playlists and Internet radio from your web browser. This is an intuitive software application that features standard options for casual users or those looking for a straightforward MP3 player without having to worry about extra settings they don't need. Simple setup and interface The installation procedure is fast and the only notable aspect about it is that you need DirectX installed. As far as the interface is concerned, Zortam Mp3 Player adopts a large window with a black background, which looks empty. Options become available when moving the cursor to the top and bottom margin of the frame. After adding audio tracks and playlists, the application automatically starts loading playing them and shows a visualizer. Basic audio controls, visualizer, lyrics, and cover art The bottom part of the window holds the basic audio player controls available. You can pause, resume and stop playback, seek a particular position by moving a slider, adjust the volume level, as well as skip to the previous or next track in the playlist. Keyboard shortcuts are supported for these commands. In addition, you can view lyrics and covert art if they are available, view all covers in slideshow mode, set the app as your default application for opening MP3 files, change the visualizer's color or replace it with a custom background picture, cycle through multiple visualizers and add your own, as well as enter fullscreen mode. Configure program settings It's possible to make the frame stay on top of other windows, display FPS and the song play time, adjust the cover slideshow timeout and transparency, as well as customize the font type, size, color, background box color, transparency and movement speed when it comes to the lyrics and playlist. Furthermore, you can choose the fullscreen display adapter and mode (color type, resolution, monitor frequency), as well as configure plugin settings for each visualizer (e.g. default color scheme, maximum FPS).
