Metodologi Penelitian Kesehatan Notoatmodjo.pdf Metodologi Penelitian Kesehatan Notoatmodjo.pdf Metodologi Penelitian Kesehatan Notoatmodjo.pdf Metodologi Penelitian Kesehatan Notoatmodjo.pdf 378259162 Metodologi Penelitian Kesehatan Notoatmodjo This study involved a review of the literature regarding nurses' perceptions of the content and meaning of concepts related to standard medications, including that of self-medication in the community. Twenty-one relevant articles were evaluated and the results indicated that nurses value the contribution of medication to healthcare, yet they also express concern about self-medication and that over-the-counter medications can be unsafe and create a risk to patients. It is recommended that educational programs and clinical practice policies should emphasize the potential hazards of self-medication and the benefits of medication therapy management. This study involved a review of the literature regarding nurses' perceptions of the content and meaning of concepts related to standard medications, including that of self-medication in the community. This study has been taken up for the nursing students of State Science University Makassar This study involved a review of the literature regarding nurses' perceptions of the content and meaning of concepts related to standard medications, including that of self-medication in the community. This study has been taken up for the students of Post Graduate Program Nursing, Uni Sukapura, Jakarta This study involved a review of the literature regarding nurses' perceptions of the content and meaning of concepts related to standard medications, including that of self-medication in the community.
