I get this error: PPTurbo 0020: Error 15251 Deleting file: 'klo' not Supported in shell. Check "Attach Shell CMD" if set properly. 'tcs -c x y' is for xterm/vt100 compatible CLI. Audio in Windows CE 6.5 - Tomtom windows ce 6.0? The cards which allowed connecting to DVD and CD and I had a lot of trouble. The case (which is not the same as others) is made of aluminum and does not have any holes on it. I tried to install the driver C:\Windows\inf\Driverstore.inf (which was a file with.sdf extension and i want to install it). At first I made a mistake which i had already made in the previous version of windows CE (where i copied.sdf from another driver). I put the same file from another (very old) compact flash card i had. I restarted the CompactFlash card which i used on the device and now the driver was installed. But the problem is that the driver doesn't work. I just installed TomTom Windows CE 6.0.2 on my USB key. I copied the SWRD.CD2 file on the USB key and added the driver to the device. The question is: Should I install the drivers before or after TomTom build 4.7.1 Windows CE 6.0. I tried to install the drivers before TomTom build 4.7.1 Windows CE 6.0, but the error said there was no driver to install. What should I do? TomTom CE 5.0 windows CE 6.0 One support person on this Forum suggests installing WU, but I am not willing to install it on my DEVICE. This would defeat the purpose. tomtom windows ce 6.0 14 I found that windows CE 6.0 does not support rar files. So I converted the zip file to rar. I think that may work. If not, then I might have to try installing the TomTom Navigator (version 7.42) itself. However, that is my second problem. Version 4.3 and version 6.0 (by O.S.P.
