He knew something bad had happened, he could feel it in his bones. For years he had been the youngest spy in his family's line of work, but his training was finally paying off. He had moved to San Francisco, the city he loved, had adopted a new identity, and had an apartment full of gadgets and equipment. Alex felt like the city could be his cover. What he could not know was that he was about to become a father, and his career was about to become even more dangerous. That night, an assassination attempt on a corporate drone placed President Alistair Blackwood in critical condition. He needed Alex's help. At that moment, Alex had no idea how big his role would become.
