----- SKP Export for Acrobat is an easy-to-use SketchUp file exporter plug-in for Acrobat. This plug-in gives Acrobat the ability to export geometric data from Acrobat to SKP files. It then exports this 3D data to objects in a SketchUp SKP file. An ounce of prevention That's the lesson for fans of the gold on this visit to Louis Vuitton's flagship store on London's Kensington High Street. The interior, now open until 20 September, is a modern, minimalist space with subtle lighting, a wonderful chandelier and honey-coloured polished wood floors. For customers wanting to invest in precious metal, the store has a wide range of assets to help them decide, from jewellery boxes, bracelets, rings, charms and coins, to books. Inside the armchair-shaped perfume counter, there are necklaces shaped like horseshoes, hatchets, cigars and coins from a range of currencies. There are also perfume tokens in the shape of a wedding ring, from £2,000 to £2.5m. This isn't your average high street store – not yet at least. But the LV team certainly recognise that shoppers are increasingly interested in fashion, luxury and investing in gold, and are keen to capitalise on this trend. Next time you're tempted to splurge on a Louis Vuitton bag, think about the assets we've listed above and maybe you'll buy an ounce of prevention.) pixels [self setNeedsDisplayInRect:rect]; } - (void)layoutSubviews { [super layoutSubviews]; [self.imageView setFrame:CGRectMakeMake(CGRectGetWidth(self.bounds) - CGRectGetWidth(self.imageView.frame), 0, CGRectGetWidth(self.imageView.frame), CGRectGetHeight(self.imageView.frame))]; } - (void)setImage:(UIImage *)image { if (image!= _image) { [_image release]; _image
